

The public scoping meeting for the proposed East Altamont Energy Center will be held November 14, 2001, at 6 p.m. at the Livermore-Pleasant B.P.O.E. Elks Lodge No. 2117, 940 Larkspur Drive, Livermore, California (see directions on back of card). Rather than providing oral comments at the meeting, you may use this card to inform us of any comments or concerns you have. Please print your comments below and leave this card with us at the meeting; or mail by folding it so the addressed portion faces outward, tape it closed, add postage, and drop it in the mail; or fax or deliver to one of the key contacts described in the accompanying newsletter. Comments also may be e-mailed to Sornborg@wapa.gov or pao@energy.state.ca.us. Your comments will become part of the public record. For your comments to be considered in the final staff assessment/final environmental assessment or draft environmental impact statement, comments must be returned by January 7, 2002. If you have questions on the Energy Commission process, call the Public Advisor at (916) 654-4489, or leave a message at (800) 822-6228 and your call will be returned.
